**Order No: 14-FFRC of 2022  
Dated: 02-11-2022**

After having interaction with the aforesaid School Management Authorities it was made clear to them that academic session of the educational institutions comprises of 12 months.

It was also made clear to them that in view of the Government order No 2074-JK (Edu of 2022) dated 31 August 2022, read with Govt order No 2085-JK9Edu of 2022), dated 07-10-2022, the Government has made it clear that new admissions will commence from the month of march of the calendar year and Annual Examinations shall be conducted in March-April session in all the Government and Government Recognised Private schools.

It was thus impressed upon these authorities that the School Managements notice to the students to pay Annual Fee for the months November 2022 to March 2023 is legally not sustainable and the authorities in these circumstances should withdraw the notice.

The authorities assured that they would put on hold the notice which asks students to pay Annual Fee for period November 2022 to March 2023.

It was made clear to the authorities of this school management that academic session cannot be stretched beyond 12 months period, which period now starts from 1<sup>st</sup> April and ends on 31 March of the calendar year. The period of 05 months commencing from November 2022 to March 2023 being not part of the academic session, the students can not be asked to pay Annual Fee for the period.

The FFRC accordingly did not pass order on 1<sup>st</sup> of November and waited for the response of the School Management.

Today the mail send by School Management on 1<sup>st</sup> November at 9:56 pm was downloaded and processed. The perusal of school mail required for passing of orders.

All the school management of private schools are restrained from charging and collecting annual fee for the period Nov 2022 to March 2023. Any breach of this order will result in initiating action according to law.
